Watson, aged 21 years, are in jail

## MINER DIES AT HOSPITAL FROM TYPHOID FEVER

TRAL CITY, COLO., PASSES  
AWAY TODAY

George Dempster, who has been  
employed at the Montana Tonopah,  
died at the Miners' Union hospital  
this afternoon from typhoid fever.  
He had been suffering from the dis-  
ease for the last month and the last  
few days his condition had been  
very serious. He was aged about  
32 years and is survived by a widow  
and two children, who reside in this  
city. The deceased was a member  
of the Central City, Colo., lodge of  
Masons, and the funeral services,  
which will be announced later, will

## CANDIDATES IN JOINT MEETING PRESENT CLAIMS

ELY, Nev., Oct. 17.—Senator Nixon  
and his party of state candidates  
arrived early this morning after one  
of the hardest trips of the cam-  
paign. A snowstorm was encoun-  
tered at Pioche Friday night and  
they drove in a blinding rain all  
day Saturday. The other band of  
state candidates met the Nixon party  
here and they combined forces,  
automobiling to the small adjacent  
camp.

Local republican leaders emphat-  
ically claim this county. Ely and  
vicinity is 50 per cent more favor-  
able than even the most sanguine  
prediction indicated. Many of the  
opposition publicly announce that  
they are for men rather than party,  
and endorse the clean campaign  
methods of the republicans, while  
condemning the democratic methods.  
Eight hundred persons packed  
Wonderland hall tonight to hear  
the combined forces present their  
claims to recognition. It is esti-  
mated that fully 200 persons were  
turned away for lack of room.

The speakers were Senator Nixon,  
T. L. Oddie, E. E. Roberts, George  
Springmeyer and Senator H. V.  
Morehouse. Senator Nixon's stand  
for organized labor and his vivid  
comparison of laboring conditions in  
this and foreign countries elicited  
intense enthusiasm. Candidates Od-  
die and Roberts were splendidly re-  
ceived and were accorded unlimited  
applause. The other candidates also  
were tendered ovations and won  
many friends by their straightfor-  
ward methods. Con A. Ahern es-  
pecially has developed unexpected  
strength here.

The joint party will go to McGill  
tomorrow.

## PARIS RAILROAD STRIKE CALLED OFF

was resumed on all lines today.

## BELMONT VEIN LOST BY FAULT IS PICKED UP

Ledge Which Was Lost About a Month  
Ago Is Again Encountered Yesterday  
---Has Been Exposed for Eight Feet---  
Stock Advances Over Night.

Belmont—\$4.75 bid; \$4.80 asked.  
Sales at \$4.87 1/2.  
This was the opening quotation of Belmont stock as re-  
ceived by Broker Harry Epstine this morning. The stock closed  
at \$4.30 bid last evening and the rise of forty-five cents caused  
considerable favorable discussion. The reason of the sudden  
advance was given out today by General Manager Frederick  
Bradshaw, who stated that a crosscut on the 1100-foot level  
had encountered the big Belmont vein, which was lost about a  
month ago by faulting. At that time the vein had been  
opened up for a distance of 700 feet, all of which was milling  
ore. When the fault came in a crosscut was sent out to the  
north and after traversing a distance of fifty-three feet the vein  
was again picked up. This happened yesterday and this morn-  
ing the ledge was opened up for a distance of eight feet.  
However, it has not been determined whether the new vein  
is the lost Belmont ledge or the vein encountered in the shaft.  
It will remain for subsequent developments to prove this fact.  
The find, however, is of sufficient importance for it means the  
adding of thousands of tons of good milling ore to the reserves  
of the mine.  
The report of the net earnings for the month of September  
was made public this morning from the head offices of the  
company at Philadelphia. The report gives the net sum as  
\$155,000, while \$10,000 in ore is stowed at the mill awaiting  
treatment.  
The closing quotations of Belmont as received this after-  
noon were \$4.65 bid and \$4.67 1/2 asked.

## WALTER WELLMAN'S TRIP ACROSS THE ATLANTIC COMES TO SUDDEN END

By Associated Press.  
NEW YORK, Oct. 18.—According  
to a wireless report, Walter Well-  
man and crew of the dirigible bal-  
loon America were picked up to-  
day by the steamer Trent. They  
had abandoned the airship.

The Wellman party was picked  
up about 156 miles due east of  
Cape Hatteras on the North Caro-  
lina coast. A wireless from Captain  
Down of the Trent says the Amer-  
ica was sighted at 5 a. m., signaling  
for assistance. After three hours of  
maneuvering he succeeded in get-  
ting Wellman, the crew and the cat  
on board. All are well.

The crew of the airship in aban-  
doning the craft, lowered themselves  
into the lifeboat which hung be-  
neath it. They then cast the life-

## STEAMER NEVADA IS IN DISTRESS OFF POINT REYES

By Associated Press.  
POINT REYES, Cal., Oct. 18.—  
The steamship Nevada is lying in  
distress off the coast here. The ves-  
sel was apparently half filled with  
water while endeavoring to make  
San Francisco, from which port she  
sailed October 16 for Seattle. The  
Nevada is a steel steamer of 4400  
tons, belonging to the American-  
Hawaiian line.

## GAMBLERS DO NOT LIKE FLEAS IN BAY CITY

TONOPAH BUNCH WOULD LIKE  
SOMETHING TO SOFTEN  
INSECT BITES

It is not all a life of steam beer  
and doughnuts with the Tonopah  
gamblers who sought San Francisco  
as a haven of refuge when the  
games were closed in this state.

They are also vexed with the  
problem of finding the wherewithal  
to purchase the beer and skittles  
and, worse than all, there are the  
fleas.

One of the departing throng has  
written from Frisco: "This is a  
good place for Morgans, Rockefel-  
lers and Vanderbilts, but it does not  
appeal much to the improvident  
gambler. All he has to do is to  
walk up and down the street here  
and spend money if he has it."

"There are so many of the bunch  
here that Market street looks like  
Brougher avenue, but we are not  
happy. Send by first mail some-  
thing to soften the torture of the  
flea bites."

## HISTORICAL SOCIETY SECURES MARK TWAIN'S PIPE

The pipe that Mark Twain for-  
merly smoked, from which he some-  
times inspiration drew and some-  
times smoke, is in the possession of  
Miss Jeanne Elizabeth Weir, cur-  
ator of the Nevada Historical society.  
It came yesterday and with it a let-  
ter from Mrs. Clara Ossip Gabril-  
owitsch, the only living daughter of  
the beloved writer.

In her letter sending the relic to  
Miss Weir, Madam Gabrilowitsch  
states that she is very glad to send  
the souvenir "as I know that he was  
very much interested in the Nevada  
Historical society."

The pipe is not exactly a thing of  
beauty, but it must have been re-  
garded as a joy forever by the hu-  
morist, for it bears internal evidence  
of constant usage. It is a black-  
ened briar, with an amber stem,  
much on the order of the English  
bulldog pipes that are affected by  
and affect the college youth. It has  
no ornamentation and no distin-  
guishing characteristics aside from  
the fact that it was Mark Twain's  
pipe.

## CHICAGO IS AGAIN DEFEATED

PHILADELPHIA TEAM TAKES  
CUBS INTO CAMP BY SCORE  
OF NINE TO THREE

Brown Is Batted Out of the Box  
By Athletics and Is Replaced  
By Richie

By Associated Press.  
PHILADELPHIA, Oct. 18.—In the  
second game of the world's cham-  
pionship series between the Phila-  
delphia American league team and  
the Chicago Cubs of the National  
league, the latter were beaten by  
a score of 9 to 3. Pitcher Brown,  
in whom Manager Chance had re-  
posed such confidence, was batted  
for thirteen hits, four of them two-  
baggers, in seven innings, when he  
was retired in favor of Richie.  
Brown also gave four men a base  
on balls and looked even worse than  
Overall did in the opening game.  
Coombs, who was on the slab for  
the Athletics, was touched up for  
eight hits, four of them for extra  
bases. He also gave nine men bases  
on balls. Chicago had fourteen men  
left on bases. The National league  
champions did not have a stolen  
base to their credit, while the local  
team had two, both by Collins.

PHILADELPHIA, Oct. 18.—The  
second game of the world's cham-  
pionship series of baseball games

played lots of ginger.

Batteries—Chicago, Brown and  
Kling; Philadelphia, Coombs and  
Thomas.

sixth and seventh; fourteen hits,
